Double Data Promotion

Offer

Sign up and activate an eligible Pennytel SIM-only mobile plan during the promotion period and receive double the data allowance applicable to that plan for the next 3 months.

Terms and conditions

1. To qualify for this offer you must activate your Pennytel SIM card on an eligible plan by 31st January 2024 (the 'promotion period').
2. Eligible Pennytel SIM-only plans for this offer are mobile phone plans that come with 32GB, 42GB, 90GB, 120GB and 150GB of included data.
3. The offer applies to new customers activating an eligible plan within the promotion period and existing customers who upgrade their current plan to an eligible plan within the promotion period.
4. 'Double the Data' refers to the standard data allowance for your eligible plan plus an equal amount of bonus data.
5. You will be credited with double the data allowance for the first 3 monthly billing cycles.
6. After 3 billing cycles your plan will revert to the data included with the eligible plan you have in service.
7. Any unused data at the end of each billing cycle will automatically roll over into your data bank for future use, up to a maximum of 500GB.
8. If you upgrade your plan from an eligible plan to another eligible plan, you will receive double the data based on that new plan up until the end of the initial 3 billing cycles.

If you downgrade your plan to another eligible plan at any time between activation, your data bank balance will reset to zero. From the date of downgrade, you will receive double the data at the new plan level up until the March 2024 billing cycle.

9. If you downgrade your plan to an ineligible plan, you will forfeit all of the data you have accrued in your data bank and you will no longer be eligible for the Double Data Promotion.
10. Double the data does not accrue while an eligible mobile service is suspended for any reason.
11. This offer cannot be transferred to another person or mobile service.
