1 GENERAL TERMS

- a) **(What is the SFOA)** The SFOA is a “standard form of agreement” under section 479 of the Telecommunications Act 1997 (Cth). The SFOA governs the supply by us and the acquisition by you of the Service, and you and we must comply with the terms and conditions contained within it. The SFOA is made up of the following documents:
- i) your order (including the terms and conditions to which you agreed, and the waivers and acknowledgements you gave, during the ordering process);
 - ii) the Critical Information Summaries;
 - iii) the Service Terms (if any);
 - iv) the Acceptable Use Policy; and
 - v) these General Terms.
- b) **(How to read these General Terms)** You need to read these General Terms, your order, the Service Terms, the Acceptable Use Policy and the Critical Information Summary for the Service you order to understand the SFOA and your rights and obligations. Words that start with a capital have defined meanings, set out in clause 16. You need to read the definitions in that clause to understand the meanings of those words.
- c) **(Inconsistencies)** If there is any inconsistency among the documents which make up the SFOA, the SFOA is interpreted by giving priority first to clause 10 (Liability) of these General Terms, second to your order, third to the Critical Information Summary, fourth to the Service Terms, fifth to the Acceptable Use Policy and sixth to these General Terms (excepting clause 10 (Liability)).
- d) **(For a copy and assistance)** You can obtain a copy of these General Terms, the Service Terms (if any), the Acceptable Use Policy and the Critical Information Summaries from our website or by contacting our customer service team. For assistance to read this document, contact our customer service team, the National Relay Service on 133 677 or the Translating and Interpreting Service on 131 450.
- e) **(Carriers and Carriage Service Providers)** You represent and warrant to us that you are not a Carrier or Carriage Service Provider. You must notify us immediately, if you are, become, or operate as a Carrier or Carriage Service Provider. You may not resell or resupply the Service or use the Service for the purpose of reselling or resupplying the Service. We may cancel or suspend the

Service immediately by notice to you if we reasonably believe that you are, become, or operate as a Carrier or Carriage Service Provider or are reselling or resupplying the Service and, in that case, we may enter into an agreement with you for the supply of wholesale services.

2 TERM

- a) If you order a Service with a Fixed Contract Period, the Service will be supplied from the Start Date and continue, subject to the terms and conditions of the SFOA, for the Fixed Contract Period and after that period, month to month unless either you or we give notice of cancellation 30 days before expiry of the Fixed Contract Period. Either you or we can cancel the Service earlier as set out in clause 9, but you may incur a Break Fee if the Service is cancelled, or if you wish to change the plan for the Service, within the Fixed Contract Period. On expiry of the Fixed Contract Period, we can vary the Charges and other terms by giving you 30 days' notice beforehand.
- b) If you order a Service with no Fixed Contract Period, the Service will be supplied from the Start Date and continue, subject to the terms and conditions of the SFOA, on a month to month basis until you or we cancel it as set out in clause 9.

3 SERVICE ORDERS AND CHANGES

- a) Your order specifies the equipment (if any), the Service, the plan and the Fixed Contract Period (if any) which you order. The Service is described in the Critical Information Summary for that Service.
- b) To place an order, you must be at least 18 years of age. You must provide us with complete and accurate information as requested in our order form (or otherwise) and all consents we reasonably require in connection with the Service. If you do not do this, it may affect the way we assess your order and any credit terms, as well as cause delays, and you may incur additional costs of equipment delivery and provisioning the Service. You must promptly notify us of any change to your contact or other details stated in the order.
- c) All orders are subject to our acceptance. When we receive your order, we assess it based on factors including your eligibility for the Service, availability of the Service to you and your credit risk. As part of this assessment, we may

carry out a credit check. We may decide to accept or reject an order, or accept an order subject to provision of financial security or other conditions. If we reject your order, we will tell you our reasons. Any additional terms and conditions you state on an order are excluded from the SFOA unless we agree otherwise in writing.

- d) Before you place an order, you must identify your own requirements and verify that the Service and any equipment you order meet those requirements.
- e) After we have accepted your order, you can only cancel your order or the Service as permitted under clause 9.1, and you can only change your order or the Service as permitted under clause 14, and you may incur a Break Fee or other charges as a result.
- f) By ordering the Service, you:
 - i) represent and warrant that you meet the customer eligibility criteria for the Service, if any, specified in the SFOA;
 - ii) acknowledge and agree that the Service has the limitations, restrictions and qualifications stated in the SFOA;
 - iii) warrant that you have authority to order the Service to be installed and connected as specified in the Order and you authorise us to undertake any work, order any equipment, and appoint us your agent to deal with other network suppliers, as required to connect and supply the Service in accordance with the SFOA; and
 - iv) agree to pay us all Charges in connection with the Service, and to comply with any conditions and your obligations stated in the SFOA.

4 SUPPLYING THE SERVICE

- a) We will supply the Service from the Start Date subject to the terms and conditions of the SFOA.
- b) We will supply the Service and any equipment within a reasonable time after accepting your order and receiving any initial payment which may be required. We may choose not to commence the process until after a cooling off period (if any) has expired. Before we can connect a service, we may need to order, configure or install equipment and make arrangements with our suppliers, which may impact connection and delivery dates. We aim to meet any service and equipment connection and delivery dates we have given you but those dates

are estimates and not guarantees, and except as required otherwise by law, we are not liable for any failure to meet them.

- c) Given the technology, we do not guarantee that we can provision and connect every service and we may cancel a Service under clause 9.2 if we determine that we will be unable to provision or connect it within a reasonable time after accepting your order.
- d) We choose the method of provisioning and supplying the Service and we can use a combination of infrastructure and services of our own or provided by third parties. We may at any time vary the method, infrastructure and services which we use to supply the Service and we and our suppliers may make changes to the Service and the infrastructure and services used to supply the Service at any time provided such variation or change does not materially impair supply of the Service.
- e) We will supply the Service using due care and skill but given the technology, we do not guarantee voice quality or data download speeds or other quality of service of a particular standard, or continuous access to the Service at all times, or that the Service will be fault free or uninterrupted or in the case of a data service, that any material sent or received will be sent or received correctly, except if we have agreed otherwise with you in writing or if the law requires otherwise. Quality of service can vary by location and is affected by many factors outside our control, including the customer equipment you use, distance from the exchange and quality of the line from the exchange to your premises or distance from the tower and line of sight to your location, depending on the Service.
- f) You are responsible for providing, installing, operating, upgrading and keeping in good working order all Customer Equipment unless stated otherwise in the Critical Information Summary or Service Terms, or we agree otherwise in writing. You are also responsible for obtaining all necessary consents and approvals (including landlord or building manager approval if required) in connection with the Service, and for providing adequate power supply and a suitable physical environment for equipment.
- g) You must arrange to give us and our suppliers' safe access to your premises promptly when we ask if we or our supplier need access to provision, connect, supply, install, maintain, support, upgrade, or repair the Service, and on cancellation to remove the Service. You must also, if we ask, arrange that your

suitably qualified representative is available onsite to assist. If you do not, you may incur additional charges and connection, service and repair times may be impacted.

5 EQUIPMENT

5.1 Customer Equipment

- a) You must ensure that all Customer Equipment complies with applicable Australian laws and standards and our reasonable directions and is suitably provisioned and configured, and compatible for use with the Service.
- b) You must upgrade or reconfigure the Customer Equipment as we may reasonably request at any time, including as a result of changes to the infrastructure used to supply the Service.
- c) We may disconnect Customer Equipment from the Service if, in our reasonable opinion, it may interfere with or disrupt the Service.
- d) You acknowledge and agree that if Customer Equipment is faulty or not compatible, it may affect your ability to access the Service, the quality of the Service or our ability to provide support to you.

5.2 Purchase of equipment from us

- a) This clause 5.2 applies if you purchase equipment from us (including by instalment payments or by bundling with the Service).
- b) If you receive the equipment in damaged or incomplete condition, you must notify us immediately and follow our directions.
- c) Your ownership of equipment we sell you commences when you have paid in full for it, and your responsibility for all risk of loss or damage to it commences on delivery of the equipment to you.
- d) The equipment we supply you may be locked and programmed to work only with the infrastructure used to supply the Service. If you ask us, we may (but are not obliged to) agree to unlock the equipment and in that case, we will not be liable to you for any associated loss, damage, expense or liability, except if we have been negligent.
- e) If you change the electronic serial number or equipment identifier of the equipment or perform a factory reset of equipment we supply you, we will not be liable to you for any resulting impact on our ability to supply the Service or

to provide you with remote support, and you must pay our reasonable charges for any additional costs incurred as a result. It may also affect any rights and remedies you may have in relation to supply of the equipment.

- f) You are responsible for installation, upgrade and maintenance of all equipment you purchase from us unless we agree otherwise in writing.
- g) Until your ownership commences under clause 5.2(c), we retain legal and equitable ownership of the equipment. If you sell equipment in which we retain ownership, you sell as principal not as our agent, you must hold the proceeds of sale in a separate account on trust for us and you have a duty to account to us for the proceeds. This retention of ownership constitutes the grant of a purchase money security interest by you in favour of us in respect of all present and after-acquired equipment which we supply to you (refer to clause 5.4).
- h) Until ownership passes to you under clause 5.2(c), you must comply with the obligations set out in clause 5.3(d).
- i) If the equipment we supply you has the benefit of a warranty, details will be stated in the warranty information on our website.
- j) If for any reason we provide you replacement equipment in advance of receiving the original equipment from you, we will bill you our standard retail price for the equipment. The charge will be cancelled when we receive the original equipment from you. If we do not receive the original equipment, or we have no obligation to repair or replace the equipment under warranty or other legal obligation, then you must pay us the charges billed.

5.3 Our Equipment

- a) This clause 5.3 applies if we loan or rent Our Equipment to you in connection with the Service.
- b) We own Our Equipment at all times and ownership of Our Equipment does not pass to you even at the end of the loan or rental period.
- c) You are responsible for any loss of or damage to Our Equipment from the time of delivery to you until it is returned to us.
- d) You must, in respect of Our Equipment:
 - i) keep it in your control at all times and at the premises to which we delivered it or other premises we have agreed to in writing;

- ii) not loan, rent, give or sell Our Equipment to any other person, or allow a security interest, charge, lien or encumbrance to be created over it, not attach it to any real property and not remove from it any nameplate identifying Our Equipment as our property;
 - iii) only use it in connection with the Service and for the manufacturer's intended purpose;
 - iv) obtain all necessary consents and approvals (including landlord or building manager approval if required) for installation;
 - v) provide a suitable physical environment for installation and operation including an adequate power supply;
 - vi) install, operate and maintain the equipment in accordance with manufacturer's requirements and our directions;
 - vii) not change the electronic serial number or equipment identifier or perform a factory reset of it without our prior written consent;
 - viii) comply with our directions; and
 - ix) make sure that anyone using the equipment complies with your obligations under this clause 5.3(d).
- e) You must allow us to inspect, service, upgrade, reconfigure, repair, replace or disconnect Our Equipment at any time we reasonably request and ensure that no other person modifies, services, upgrades, reconfigures, repairs or disconnects Our Equipment except with our prior written consent.
- f) You must notify us immediately, and follow our directions, if Our Equipment is damaged or incomplete when you receive it, or if at any time Our Equipment is lost, damaged, stolen or becomes faulty while in your care custody or control.
- g) On cancellation of the Service for any reason, the loan or rental of Our Equipment is automatically cancelled. We may cancel the loan or rental of Our Equipment immediately at any time by giving you notice:
- i) if, in our reasonable opinion, you are in breach of any obligation under this clause 5.3; or
 - ii) if we are entitled to cancel the Service.
- h) On the sooner of expiry or cancellation of any agreed loan or rental period, you must permit us to enter onto the premises where Our Equipment is located and to disconnect and remove it, or if we request, at your cost, and in accordance with our directions, immediately return Our Equipment to us in good condition (except fair wear and tear).

5.4 PPSA & Security Interest

- a) This clause 5.4 applies to the extent that the SFOA creates or evidences a security interest in equipment (and in proceeds of sale of equipment) including equipment to which we retain ownership under clause 5.2(g), and Our Equipment, for the purposes of the Personal Property Securities Act 2009 (Cth) ('PPSA'). The terms 'accession,' 'perfected security interest,' 'security agreement,' 'security interest', and 'verification statement' have the meanings given them in the PPSA.
- b) If we ask you, you must promptly sign any document and do anything else we reasonably require to ensure that our security interest is a perfected security interest. You must not enter into any security agreement that permits any other person to have or to register any security interest in respect of the equipment or proceeds of sale of the equipment until we have perfected our security interest.
- c) If you are a business or a non-profit organisation, you acknowledge and agree that the equipment is not used predominantly for personal, domestic or household purposes and accordingly you and we agree to contract out of sections 95, 118, 121(4), 130, 132(4), 135, 142 and 143 to the extent permitted by section 115(1) of the PPSA. You waive any rights you may otherwise have to receive notices under sections 95, 118, 121, 130, 132 or 135 of the PPSA, to apply to court for an order concerning the removal of an accession under section 97 of the PPSA, to object to a proposal by us to retain any collateral under sections 130 and 135 of the PPSA, and to receive a verification statement in relation to registration events in respect of the equipment supplied to you from time to time.
- d) You and we agree not to disclose information of the kind that can be requested under section 275(1) of the PPSA. You must do everything on your part necessary to ensure that section 275(6)(a) of the PPSA continues to apply.

6 NETWORK MAINTENANCE, SUPPORT SERVICES AND FAULT REPAIR

6.1 Our responsibility and obligations

- a) We and our suppliers may perform maintenance, upgrade or repair services at any time on Our Equipment, and the infrastructure we and they use to supply the Service and will try to minimise any interruption to the Service or adverse impact on quality.
- b) We provide remote support for use of the Service in Australia within the hours stated in the Critical Information Summary, or if not stated there, those stated on our website for the Service. We may agree to provide additional support services, for additional charges.
- c) We are only responsible for repairing a fault in the Service which you notify to us if the fault is created or caused within Our Equipment or the infrastructure we and our suppliers use to supply the Service, up to our side of the Network Boundary.
- d) If we are responsible for repairing a fault in the Service we will take reasonable steps to restore the Service as soon as we reasonably can. We aim to meet any fault repair times that we give you but (except if we have agreed otherwise with you in writing or if the law requires otherwise) those times are estimates only and we do not guarantee to meet them. If we become aware that a fault in the Service is on your side of the Network Boundary, our sole responsibility is to notify you. We may, but are not obliged to, provide additional help.

6.2 Your responsibility and obligations

You are responsible for providing all support services in respect of the Customer Equipment and infrastructure on your side of the Network Boundary.
- b) You must promptly report any fault in the Service which you reasonably believe is our responsibility, and you must make any request for other support services, by contacting our customer service team by telephone or online inquiry as stated in the Critical Information Summary, or if not stated there, those stated on our website for the Service. Before reporting a fault to us, you must try to ensure that the fault is not in the Customer Equipment or on your side of the Network Boundary.

- c) You must notify us promptly of any changes to the Customer Equipment which may be relevant to the Service.
- d) You must arrange access to the premises if we request and provide other help if needed to enable us and our suppliers to investigate and repair a fault and provide support services.

7 USING THE SERVICE

7.1 Your responsibility and obligations

- a) You must ensure that the Service is used only for its intended use as specified in the Critical Information Summary or Service Terms.

If you do not comply, you may incur additional Charges and we may have the right to suspend or cancel the Service.

You must take reasonable steps to keep the Service and your account secure from unauthorised access. You must notify us immediately you become aware of any actual or attempted unauthorised use of the Service or breach of security, giving us your account number and full details of the security breach. Where you access third party content or where a third party network is used to transmit material in connection with the Service, you must comply with any applicable acceptable use terms or other rules of those third parties.
- g) You must provide us all the information and assistance we reasonably require to enable supply of the Service and compliance with any request or direction of a government agency, emergency services organisation or other authority, and to investigate if we reasonably suspect unauthorised use of the Service or if you have misused the Service or breached the terms and conditions of the SFOA.
- h) You must use the Service only for lawful purposes and activities and must comply with all laws, regulations and industry standards and codes which apply to your use.
- i) You must not use the Service in a way which breaks the law (including applicable industry standards and codes). In particular you must not use the service to send spam or to breach the Spam Act 2003 (Cth), the e-Marketing Code of Conduct or the Mobile Number Portability Code (even if it is no longer a registered industry code). You must not use the Service to commit an offence, endanger any person, damage any property, infringe a person's rights (including copyright), or which could give rise to us incurring a liability. You must not use the Service to transmit, communicate, access or publish any material which is unlawful, offensive, indecent, defamatory, abusive, menacing or harassing, material which is unsolicited and material known to contain a virus or similar.
- j) You must not do anything, or use the Service in a way, which might compromise the security or safety of, or which might impair, interfere with or damage, the Service, the infrastructure used to supply the Service, Our Equipment or a product or service supplied by us or our suppliers to another customer or the operation of any of those services, infrastructure or equipment. You must not use the Service in a way that results in a virus, worm, Trojan or similar program being sent through the Service from your equipment.

7.2 Our Rights to intercept, monitor and take other action

- k) You acknowledge and agree that, without liability to you, we may:
 - i) intercept communications and provide call related information to government authorities (including law enforcement agencies), to the extent required by law to do so;
 - ii) (but we are not obliged to) monitor the usage of the Service and communications sent over it for compliance with the SFOA and to protect the infrastructure used to supply the Service and its other users, to the extent the law permits;
 - iii) implement traffic management and any other measures set out in our Acceptable Use Policy; and
 - iv) take any steps necessary to monitor and ensure our compliance with the law, relevant industry standards and codes, court orders, and notifications and directions from regulatory bodies.
- l) We may (but are not obliged) to scan Customer Equipment or otherwise test the security of your Service, in order to help you keep your Service secure from unauthorised access.

7.3 Compliance with Network Operator terms

- m) You must comply with the following requirements specified by Network Operator.
- n) You consent to us disclosing to Network Operator information about you and Network Operator, disclosing and using the information to enable Network Operator to provide services, exercise its rights and perform its obligations under our agreement with it, and for its internal business purposes including analysis for general marketing purposes.
- o) You acknowledge that the Network Operator may:
 - i) block access or suspend the supply of the Service or both (immediately without notice) if you attempt to access its network (other than to make emergency calls) using a device which Network Operator reasonably believes is causing a fault or that may have a detrimental effect on its network or other users of it;
 - ii) change the coverage area for any mobile Service, or change the network, from time to time;

 - iii) not connect anything to the network, use the Service or do anything at Network Operator’s sites or facilities in a way that endangers the health or safety of any person or negatively impacts the normal operation of any network or system over which the Service is supplied, damages or interferes with any Network Operator site or facility or telecommunications equipment owned or operated by Network Operator or third parties, or interrupts or degrades the normal operation of the Service or of a product or service supplied by Network Operator to another customer or supplied by a customer of Network Operator;
 - iv) arrange for Network Operator and its suppliers and contractors to have safe and timely access to your sites including so that the Service can be supplied and any equipment relating to the Service or the network can be installed or maintained, repaired, enhanced or removed;

 - vii) comply with, any instructions, policies or procedures given to us by Network Operator that relate to protecting the health or safety of any person;
 - viii) ensure that you do not use, the NBN-related networks in a way that creates a risk to the integrity of the NBN-related networks, the integrity of any other NBN Co customer network, systems, equipment or facilities used in connection with the NBN-related networks, the quality of any product or service supplied by NBN Co, or the health or safety of any person;

- ix) promptly notify us upon you becoming aware of any material damage to any NBN Co equipment on your premises or otherwise used to connect your premises to the NBN-related networks; and
- x) ensure that you do not use the Service to generate mobile terminating access or SMS message terminating access payments (for example, by using SIM boxing), to transit, refile or aggregate domestic or international traffic on Network Operator's network, as a call collection service and/or for call redirection to call centres, call sinks or mass termination services, for M2M Uses or with devices that switch or reroute calls to or from Network Operator's network or any third party without Network Operator's consent.

8 CHARGES, BILLING AND PAYMENT

8.1 Charges

- a) You must pay all Charges in connection with the equipment and the Service.
- b) Charges for the Service accrue from the Start Date and may include set up Charges (which may be payable before we commence provisioning), usage based Charges and recurring Charges and any other charges set out in the SFOA, the Special Offer (if any) and our Standard Fee Table.
- c) You are responsible for all Charges for use of the Service whether or not you authorised the use, including those arising from toll fraud or other unauthorised or fraudulent usage, or from your failure to keep your Service secure. You are also responsible for any Charges arising from your failure to access or disconnect a call properly or from your failure to disconnect a Service when vacating premises.
- d) Charges continue to be incurred during any period of interruption to the Service including if caused by your failure to connect equipment to the Service, failure of Customer Equipment or other fault of you or anyone else who uses the Service, relocation of the Service, failure of services provided to you by anyone else (including broadband internet service where this is not provided by us), interruption for an insignificant period, or suspension of the Service for any reason. Charges also continue to be incurred during any period when the Service is not available because you failed to pay the Charges or in the case of a prepaid service, you failed to maintain the minimum balance required for the Service. If the interruption was caused by our fault or negligence, you may claim a credit for the recurring charge for the period of interruption as set out in clause 10.1(c).
- e) If you ask us to provide services onsite, or outside the support hours specified in clause 6(b), or if you ask us to provide services in connection with Customer Equipment which are outside any warranty or Consumer Guarantee obligations we may have, you must pay our reasonable charges for those services. We will advise you of our charges before you incur them.
- f) You must pay our reasonable charges to repair, replace, modify or service the Service or Our Equipment if required as a result of:

- i) failure of Customer Equipment arising from any act or omission of you, your employees, agents or contractors or anyone authorised by any of them;
- ii) your failure to return Our Equipment in good condition (excepting fair wear and tear) when required under the SFOA or loss, theft or damage of Our Equipment (except to the extent caused or contributed to by us); or
- iii) any negligence, fraud or breach of the SFOA by you, your employees, agents or contractors or anyone authorised by any of them.

We will try to advise you of these charges before you incur them but given their nature, we may not always be able to do so.

- g) You must pay our call out fees if we make an onsite visit after giving you reasonable prior notice, and you fail to give us access or to have a suitably qualified representative onsite to assist us.
- h) We may from time to time make a Special Offer with Charges and terms and conditions that differ from those in the Critical Information Summary. If you accept a Special Offer from us, the Charges and terms and conditions of the Special Offer take priority over the Critical Information Summary, to the extent they differ, only for the limited period specified in the Special Offer.
- i) All Charges are in Australian dollars. If a Charge is stated to exclude GST, and we are liable to pay GST on supply of the Service to you, we may increase the Charge by the amount of GST and you must pay us the whole of that amount when we ask. If the charge is stated to be inclusive of GST, but the GST rate used is incorrect or changes, the amount of the charge will be adjusted to reflect the actual GST rate.

8.2 When we bill you

- a) We may bill and require payment of certain Charges as set out in the SFOA before we commence to deliver equipment or connect the Service. Typically these are Charges for equipment and set up and provisioning of the Service. We may bill and require payment of Charges for any additional services before we provide those services. Unless otherwise stated in the Critical Information Summary, recurring Charges are billed in advance and usage based Charges are billed in arrears, except in the case of a prepaid service.
- b) We will bill you monthly, commencing on the date which is one calendar month after the date we accept your order, unless otherwise specified in the Critical

Information Summary. We will try to include all Charges relating to the current billing period on your bill but usage based Charges and some other Charges may not appear on your bill until up to 160 days from the date you incurred the charge. We may bill and you must pay any minimum monthly Charge stated in the Critical Information Summary even if you have not incurred the services related to those Charges.

- c) We may ask you to make interim payments at other times if there is unusually high usage on your account, to maintain your account within any credit limit we have approved or to maintain any minimum account balance stated in the Critical Information Summary, if we have reason to be concerned about your ability to pay at any time or if permitted under another provision of the SFOA. We may bill you after a Service has been cancelled for Charges you incurred before or when the Service was cancelled, but we will bill them within a reasonable time after cancellation.

How we bill you

- d) We will send bills to your address (by email or post and in HTML, pdf or paper format, at our option). If we send or offer to send your bill by email, and you ask us to provide a paper copy, we may charge you a paper bill fee.
- e) If we have taken reasonable steps to ensure you receive it, a bill remains payable even if you do not receive it because you have changed address and not notified us or because your email mailbox is full or for other reason attributable to you.
- f) If you ask us to re-send you a bill more than 3 months after the issue date, and that billing information is available without charge through our website, we may charge you a bill copy fee for each bill you request.

Billing errors and adjustments

- g) If we find an error on a bill, we will apply an adjustment to your service account and this will appear on your next bill. We will credit your account with any overpayment and you must pay any underpayment by the due date. If you no longer have an account with us, we will take reasonable steps to refund any overpayment to you.

- h) If we owe you an amount, we can provide it as a credit on your service account and deduct it from amounts you owe us.

When to pay

- i) You must pay the Charges by the due date specified on the bill and must make any interim payment described in clause 8.2(c) by the due date notified by us.
- j) For all prepaid accounts, you must pay all Charges in advance each month and keep your account topped up as required to maintain the minimum balance set out in the Critical Information Summary.

Payment Options

- k) You must pay the Charges using the payment method specified on the bill or on our website except that if a specific payment method is required in the Critical Information Summary, or otherwise agreed with you, you must use that payment method.
- l) If you have agreed to pay by automatic payment or direct debit from your credit card, charge card, or bank account or other automatic payment method:

10 LIABILITY

10.1 Our Liability to you

What terms apply

- a) The only terms and conditions which apply to our supply of the Service and any other goods and services to you are the terms and conditions expressly set out in the SFOA and any rights you have at law which cannot be excluded. For example, we have obligations under the Consumer Guarantees, which may apply to the supply of goods and services to you. If you have rights and remedies under the law which cannot be excluded, nothing in the SFOA excludes those rights or remedies. We exclude any other liability we may otherwise have to you in connection with the SFOA and the Service, and we exclude all implied terms, conditions, warranties, rights, remedies.

Limiting liability for breach of Consumer Guarantee for some services

- b) If we have obligations to you under the Consumer Guarantees which cannot be excluded, but the law allows a supplier to limit liability for a breach of those obligations, we limit our liability to replace or repair goods, resupply the services or pay the cost of replacement, repair or resupply.

Interruptions or delay to the Service

- c) Subject to clauses 10.1(d), 10.1(e) and 10.1(i), if your use of the Service is interrupted, or connection of the Service is delayed, for more than an insignificant period, as a result of our fault or negligence, within a reasonable period of the interruption you can ask us to credit the amount of any recurring Charges billed to you for the affected Service for the period of the interruption or delay, unless we have an obligation under a service level to provide you a service credit in which case you can ask us to provide the service credit, and we limit our liability to you to that amount.
- d) Except for any liability we have to you under the law which cannot be excluded, an interruption or delay to the Service is not caused by our fault or negligence, and we are not liable, if it is caused by an Excluded Incident.

- e) Subject to clauses 10.1(d), 10.1(h) and 10.1(i), if the law requires, we will also pay you compensation for any reasonably foreseeable loss you suffer as a result of interruption or delay to the Service caused by our fault or negligence. A Residential Service is intended to be used for personal, domestic or household purposes so if you use it for business purposes or to derive income, you should have another means of communication available and not rely solely on the Service.

Property Damage and Personal Injury

- f) The limitations set out in clauses 10.1(j) and 10.1(k) do not apply to any legal liability we may have for direct loss or damage to tangible property or for personal injury or death.

Your contribution to the loss

- i) We are not liable for any loss you suffer to the extent that you or any of your officers, employees, agents or contractors caused or contributed to the loss, or to the extent caused by you failing to take reasonable steps to reduce or avoid the loss.

General limit and exclusion

- j) Except for any liability we have to you under the law which cannot be excluded, if we do not expressly accept liability to you in connection with the SFOA or the Service under this clause 10.1, then we exclude that liability.
- k) Except if the law requires otherwise, we limit our total cumulative liability to you in connection with the SFOA and the Service to the amount you paid us for the Service during the minimum contracted term.
