

This Critical Information Summary outlines the key features, pricing and conditions of Pennytel's SIP Trunk services. It is a summary only. Read it together with Pennytel's **General Terms, Standard Form of Agreement**, applicable rate schedules and policies at pennytel.com.au/legal.

1. Information about the service

Pennytel SIP Trunks allow you to make and receive calls over the internet using your own compatible SIP-capable PBX, SIP gateway or supported voice platform instead of traditional PSTN lines. This service is designed for business customers that manage their own PBX, voice platform, customer network and internet access. Activation is typically **2–3 business days**, although number porting, customer configuration, third-party dependencies or complex provisioning may extend this timeframe.

Item	Summary
Service type	SIP trunk voice service for use with a compatible customer-managed PBX, SIP gateway or supported voice platform.
Minimum term	Services may be supplied on a month-to-month, 12-month, 24-month or other agreed contract term, as set out in your quote or order form.
Minimum total cost	Depends on your selected call plan, number of channels, contract term, setup fee, numbers, porting, hardware and any chargeable usage. See the minimum-cost explanation below.
Maximum monthly charge	Not calculable. Your monthly cost may exceed the recurring monthly charges if you incur call usage, international calls, premium or special number charges, number charges, porting charges, hardware charges, paper bill fees, late payment fees or other applicable charges.
Early termination charge	For contract term services : if the service is cancelled within the contract term, 100% of the remaining monthly fees for the remainder of the contract term is immediately payable For month-to-month services : no Early Termination Charge applies.
Equipment required	You must provide compatible customer equipment, including PBX, SIP gateway, router/firewall, LAN and internet connection, unless purchased separately from Pennytel.

Port return or rejection

Where a port request is rejected, cancelled, reversed or otherwise fails for a reason caused by the customer — for example, incorrect or incomplete information — a failed port charge may apply per affected service. Charges depend on the port category and the numbers being ported and will be disclosed in the applicable quote, order form or rate schedule.

3. Minimum total cost

Your minimum total cost depends on the service configuration you choose. It will be set out in your quote or order form.

It will generally include:

- any setup fee;
- the monthly recurring charge for each user, endpoint, channel, licence or service you choose, multiplied by the contract term;
- any monthly number charges, multiplied by the contract term; and
- any upfront charges, porting charges, hardware, professional services or other agreed charges disclosed before you order.

Usage charges, including PAYG calls, international calls and other excluded usage, are additional.

Example only — 1 channel, 24-month term

Plan / term	Setup	Channel charge	Minimum total
Unlimited – 24 months	\$0	from \$19 per month	from \$456
PAYG – 24 months	\$0	from \$8 per month	from \$192 + calls

Your written quote or order form will set out the charges that apply to your chosen configuration.

- premium / 19xx number services;
- international PSTN calling unless enabled and charged in accordance with the applicable rate schedule;
- battery backup; or

- Priority Assistance.

5. Power outages, emergency calling and connected services

- This service depends on power, your internet connection, customer equipment, your PBX or SIP gateway and the Pennytel SIP service.
- If power, internet access, nbn, fibre, fixed wireless, customer equipment, PBX, SIP gateway or SIP service is unavailable, you may be unable to make or receive calls, including calls to **000**.
- No battery backup is included. If you or another person at the premises relies on uninterrupted access to emergency calling, maintain an appropriate alternative means of communication, such as a charged mobile phone on a separate service.
- Medical alarms, security alarms, EFTPOS terminals, lift phones, fax services and other connected devices may not work reliably over this service. Check compatibility with your equipment or device provider before connecting those services.

6. Billing, usage information and itemised bills

- Pennytel SIP Trunks are **postpaid services**. Charges and inclusions are metered on a monthly billing cycle from the **28th of each month to the 27th of the following month**.
- Service charges start from the day your service is activated. If your service is activated part-way through a billing cycle, your first bill may include a **pro-rata charge** for the period from your activation date to the 27th of that month and the next month's recurring service charges in advance. This means your first bill may be higher than your standard monthly recurring charge.
- Invoices are generally issued after the billing cycle starts and sent to your nominated email address. Direct debit from a bank account or payment card is Pennytel's default payment method.
- You can access available account, bill, usage and service information through the **Pennytel Customer Portal**. Usage information may not always be real-time.
- You may request an itemised bill for any current or past billing period. Pennytel provides itemised bills by email at no charge. If you request a printed and mailed itemised bill, Pennytel may charge a paper bill fee where that fee has been disclosed to you and is permitted by law.
- See Pennytel's **Billing & Refunds Information, Payment Assistance Policy** and other applicable policies at pennytel.com.au/legal

7. Changes, support and complaints

Pennytel may change prices, terms, services or offers in accordance with its **General Terms** and applicable law. Where Pennytel reasonably considers that a change is likely to have more than a minor adverse impact on you, Pennytel will provide at least **14 days' written notice** before the change takes effect, unless a shorter notice period is permitted or required under the General Terms or applicable law.
