

This Critical Information Summary outlines the key features, pricing and conditions of Pennytel's Yeastar Cloud – Sip.Cloud Plus service. It is a summary only. Read it together with Pennytel's **General Terms, Standard Form of Agreement**, applicable rate schedules and policies at [pennytel.com.au/legal](https://pennytel.com.au/legal).

## 1. Information about the service

Pennytel Yeastar Cloud – Sip.Cloud Plus is a cloud-hosted PBX service using Yeastar P-Series PBX technology. It includes supported features such as auto-attendant, voicemail, call queues, conferencing, Linkus apps and compatible CRM integrations.

The service is designed for business customers that want a hosted PBX and endpoint-based voice solution without operating on-premises PBX hardware. Endpoints may include compatible SIP handsets or the Linkus app for web, mobile and desktop, subject to device, licensing and configuration requirements. Activation is typically **5–10 business days**, although number porting, customer configuration, third-party dependencies or complex provisioning may extend this timeframe.

Item	Summary

## Port return or rejection

Where a port request is rejected, cancelled, reversed or otherwise fails for a reason caused by the customer — for example, incorrect or incomplete information — a failed port charge may apply per affected service. Charges depend on the port category and the numbers being ported and will be disclosed in the applicable quote, order form or rate schedule.

## 3. Minimum total cost

Your minimum total cost depends on the service configuration you choose. It will be set out in your quote or order form.

It will generally include:

- any setup fee;
- the monthly recurring charge for each endpoint, multiplied by the contract term;
- any monthly number charges, multiplied by the contract term; and
- any upfront charges, porting charges, hardware, professional services or other agreed charges disclosed before you order.

Usage charges, including PAYG calls, international calls and other excluded usage, are additional.

## Example only — 1 endpoint, up to 10-user tier

Plan / term	Setup	Contract term	Subtotal
Endpoint Value — 24 months	\$0	\$29 per month	\$696
Endpoint Value — 12 months <sup>31</sup>	\$199	\$31 per month	\$571
Endpoint PAYG — 24 months	\$0	\$17 per month	\$408 + calls

Your written quote or order form will set out the charges that apply to your chosen configuration.

## Not included

These plans do **not** include:

- SIP desk handsets, headsets or other customer endpoint equipment unless separately purchased from Pennytel;
- customer internet access, router, firewall, LAN or Wi-Fi service;
- on-premises hardware;
- customer network remediation;
- third-party integration builds unless separately quoted;
- training or professional services unless separately quoted;
- after-hours support, except where escalation or priority support applies under an agreed support arrangement;
- battery backup; or
- Priority Assistance.

## 5. Power outages, emergency calling and connected services

- This service depends on power, your internet connection, customer equipment, customer network configuration, Yeastar Cloud / Sip.Cloud Plus and Pennytel's voice service.
- If power, internet access, nbn, fibre, fixed wireless, customer equipment, customer network infrastructure, Yeastar Cloud / Sip.Cloud Plus or the Pennytel voice service is unavailable, you may be unable to make or receive calls, including calls to **000**.
- No battery backup is included. If you or another person at the premises relies on uninterrupted access to emergency calling, maintain an appropriate alternative means of communication, such as a charged mobile phone on a separate service.
- Medical alarms, security alarms, EFTPOS terminals, lift phones, fax services and other connected devices may not work reliably over this service. Check compatibility with your equipment or device provider before connecting those services.

## 6. Billing, usage information and itemised bills

- Pennytel Yeastar Cloud — Sip.Cloud Plus services are **postpaid services**.
- Charges & inclusions are metered on a monthly billing cycle from the **28th of each month to the 27th of the following month**.
- Service charges start from the day your service is activated. If your service is activated part-way through a billing cycle, your first bill may include a **pro-rata charge** for the period from your activation date to the 27th of that month and the next month's recurring service charges in advance. This means your first bill may be higher than your standard monthly recurring charge.
- Invoices are generally issued after the billing cycle starts and sent to your nominated email address. Direct debit from a bank account or payment card is Pennytel's default payment method.
- You can access available account, bill, usage and service information through the **Pennytel Customer Portal**. Usage information may not always be real-time.
- You may request an itemised bill for any current or past billing period. Pennytel provides itemised bills by email at no charge. If you request a printed and mailed itemised bill, Pennytel may charge a paper bill fee where that fee has been disclosed to you and is permitted by law.
- See Pennytel's **Billing & Refunds Information, Payment Assistance Policy** and other applicable policies at [www.pennytel.com.au/legal](http://www.pennytel.com.au/legal).

## 7. Changes, support and complaints

Pennytel may change prices, terms, services or offers in accordance with its **General Terms** and applicable law. Where Pennytel reasonably considers that a change is likely to have more than a minor adverse impact on you, Pennytel will provide at least **14 days' written notice** before the change takes effect, unless a shorter notice period is permitted or required under the General Terms or applicable law.
